**REPORT OF THE
CANDIA VOLUNTEER FIRE DEPARTMENT**

The year 1974 has seen the department grow to a strength of 43 regular members and 20 associate members — more personnel to assist when the need arises.

Considering the high fire hazard period experienced in Rockingham County this past summer, we are fortunate enough to answer but 19 local calls, one of which was a false alarm. We wish to thank you for your cooperation in helping produce this fine safety record. Because of this and the fact of the department having improved equipment, the New Hampshire Board of Fire Underwriters has now seen fit to lower fire insurance rates for many sections of town.

Our new fire truck should be received soon and we need your continued financial support. We are attempting to maintain the department on a self-sufficient basis; thereby keeping our tax rate down, but it is simply not possible to do so on the proceeds of the 4th of July celebration only.

We respectfully ask for your continued support in 1975 — our 50th anniversary.

1974
REPORT OF THE POLICE CHIEF

This is the tenth annual report of the Candia Police Department that I am privileged to present.

Our Department received and acted on 1,088 calls in 1974, a 24% increase from 1973.

The rising level of crime is an alarming and complex problem which does not lend itself to quick or easy remedy.

It is far more economical in nearly every instance to prevent crime rather than to solve it. I am very concerned about our efforts as citizens to reduce the opportunities for crime.

I wish to emphasize that many burglaries might never have occurred had all doors and windows been locked, a light left on, valuables secured, keys removed from unattended vehicles, etc. Remember to notify the Department if you are going away for any length of time.

If you see anything suspicious, no matter how trivial, notify the Police Department immediately.

To broaden our knowledge of good law enforcement, members of this Department continue to receive training through various programs. In October, I attended the Medico-Legal Forensic Seminar at the University of New Hampshire. The information I received will be very useful in homicide investigations.

In closing, I extend my sincere thanks to all the citizens of Candia, in particular, my fellow police officers and the Board of Selectmen for their active support and cooperation.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

All open burning when the ground is not covered with snow is controlled by the Town Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the

permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

ANNUAL REPORT OF THE CANDIA CONSERVATION COMMISSION

The Candia Conservation Commission has been working in several diverse areas during the year, 1974, some of which include the following:

Negotiations for the purchase of an abandoned railroad bed from the Boston and Maine Corporation trustees for a nature trail. Negotiations are still continuing.

Mr. Wendell Berry, Jr., botanist, has classified substantially all of the plant growth on the 40 acre tract on New Boston Road

which is under the direction and control of the commission. The report will be of value for townspeople and science classes of the Moore School who will be invited to utilize the tract for nature studies.

Mr. Leonard Chace attended the Ninth Annual Meeting of the Municipal Conservation Commission in Keene and attended a seminar on the dredging and filling of wetlands. The commission is required to investigate all applications for dredge and fill permits.

Mr. Bruce Larson attended a Conservation Restriction Seminar at the UNH campus which dealt with economic, tax and legal problems in establishing conservation restrictions on private land.

Progress is continuing on the open space indexing and watershed delineation for the Lamprey River which has been requested by the state.

The commission plans to concentrate on the improvement of the New Boston Road parcel in order to encourage townspeople to visit and enjoy the botanical classification done by Mr. Berry.

Once again the commission welcomes interested members of the public to attend our meetings which are held the 1st Monday of every month at the Smyth Library.

Respectively submitted,

BRUCE R. LARSON
Chairman

SUPERINTENDENT'S REPORT

As we look toward the 1975-76 school year, we are faced with considerable problems occurring through Federal (Equal Educational Opportunities and Civil Rights) and State (Handicapped Child) legislation which will have an educational and financial impact on local school districts.

Another area in which the District is involved is Staff Development. Basically, it is a local plan for the recertification of professional staff members. This master plan must be approved by the State Board of Education and put into operation by July 1, 1975. Currently, the three communities of Auburn, Candia and Hooksett are finalizing their plan as a single unit for implementation.

Due to a delay in funding at the Federal level, the Voucher Project's study and planning grant will not be ready for the 1975 March meeting. The study and planning grant will take place through the remainder of this year and be finalized before being presented to the voters of the District in March of 1976.

Needless to say, the burden of the tax dollar will be affected by the rising cost of energy. Not only in power and fuel, but many of the other materials used in school now show an appreciable increase — mainly paper, texts, work books, etc.

Our conservation measures put into practice this past year have been excellent. Some examples of what has happened; centralized bus stops, cutting down on lights used in buildings, refraining from the use of all exits, adjusting our school calendar, using both sides of school paper, limiting access to paper towels, thermostat control and many other practices.

A new program which has been well received by the District is Driver Education for high school students residing in Candia. The current program is self supporting. Students pay \$35.00 and the State pays \$50.00 per student for a total of \$85.00 which covers the cost of teacher and supplies. Under the fine guidance of Mr. Doug McDonald, the program has had an excellent beginning.

I wish to take this opportunity to thank all the members of the community for their support of the educational process, the School Board for the many hours dedicated to serve the needs of the students and to the Staff for their interest in the educational welfare of each student.

Respectfully submitted,

DAVID R. CAWLEY
